Residential Curbside Single-Sort Recycling Collection

The City of Bismarck contracts with Waste Management to provide single-sort curbside recycling for single family, duplex, and multi-family residential homes that use individual garbage cans. Since curbside recycling began in 2014, we have diverted 23.4 million pounds of recyclable materials from the landfill. In just two and a half years, we've surpassed the 2002-2014 recycling trailer collections by more than 5.7 million pounds.

Leave a Legacy not Litter

Items that are recyclable will no longer go into the landfill but will be recycled and re-used helping the City of Bismarck and its residents be responsible stewards of the land, the environment, and its resources. Recycling will also extend the life of the City of Bismarck landfill for future residents to use.

For questions, issues or concerns regarding recycling pickup contact Waste Management at 1-888-960-0008 or wmeservice@wm.com
